

Date - 2024	Home/ Away	Match	WON LOST DRAWN
Saturday 1st June	A	High Wycombe BC versus Suttons	L
FRIENDLY		<p>This fixture is played once a year on an alternate home/away basis. This year we took our longest journey to an away game, at Suttons (24 miles each way)*. This club originated as a facility provided by Messrs. Suttons Seeds for its staff. The company no longer exists but the club remains. There was some confusion as Suttons proposed that they provide a ploughman's meal and asked us to pay for it. After some negotiation it was agreed that our match fees should pay for this.</p> <p>The game was played in cold, blustery conditions but it did not rain and the green ran well. We lost on four of the five triples by 44 shots (59 - 103) and our only winning rink was Ray Solomon, Diane Craigs and Ray Birch.</p> <p>When Suttons come to us in 2025, we will provide our usual hospitality on a reciprocal basis. We hope that our opponents get the message.</p> <p style="text-align: center;"><i>* HWBC - Waddesdon BC is 21 miles each way.</i></p> <p>PS: Disaster was averted when it was realised that our SatNav was trying to direct us to Sutton BC in South West London, not Suttons BC in Berkshire.</p>
